HYDRAULIC OILS

Premium Quality

Shell Tellus Oils

ISO Range 22 - 100

Premium performance mineral hydraulic oils which are generally acknowledged to be the market leader in the field of industrial hydraulic and fluid power lubrication.

- Hydraulic and fluid power transmission systems
- Outstanding thermal stability, oxidation resistance
- Superior filterability
- Low friction
- Excellent air release and anti-foam properties
- Available in ISO viscosities 22, 32, 37, 46, 68 and 100

Code	Size	Price
Tellus - 22		
L0238-0503	20L	£27.40
L0238-0013	209L	£261.25
Tellus - 32		
L0238-0508	20L	£27.40
L0238-0015	209L	£261.25
L0238-0016	Lubecube (1000L)	£1,250.00
Tellus - 37		
L0238-0019	5L	£7.35
L0238-0515	20L	£27.40
L0238-0020	209L	£261.25
Tellus - 46		
L0238-0506	20L	£27.40
L0238-0022	209L	£261.25
L0238-0023	Lubecube (1000L)	£1,250.00
Tellus - 68		
L0238-0025	5L	£7.35
L0238-0552	20L	£27.40
L0238-0026	209L	£261.24
L0238-0027	Lubecube (1000L)	£1,250.00
Tellus - 100		
L0238-0501	20L	£27.40
L0238-0030	209L	£261.25

Shell Tellus S

Zinc Free

Shell Tellus S is a ZINC FREE, extended life, anti-wear hydraulic oil formulated to ensure the ultimate levels of performance in hydraulic fluid power systems subjected to severe duty.

Code	Size	Price
Tellus - S37		
L0238-0571	20L	£28.80
L0238-0045	209L	£277.97
Tellus - S68		
L0238-0047	209L	£277.97

Shell Tellus T

High performance, anti-wear, multi-grade hydraulic oils formulated for applications subjected to a wide range of temperature or where small variations in viscosity with temperature are required.

Code	Size	Price
Tellus - T15		
L0238-0499	20L	£29.80
L0238-0049	209L	£288.42
Tellus - T37		
L0238-0565	20L	£29.80
L0238-0051	209L	£288.42
Tellus - T46		
L0238-0580	20L	£29.80
L0238-0054	209L	£288.42
Tellus - T68		
L0238-0534	20L	£29.80

Spindle Oils

Shell Morlina Oils

Shell Morlina Oils 5 & 10 are premium performance, high speed spindle lubricants. They have excellent anti-wear and metal compatibility characteristics.

- Used in variable speed transmissions and as high-speed spindle lubricants particularly on machine tools

Code	Size	Price
Morlina - 5		
L0238-0468	20L	£29.60
Morlina - 10		
L0238-0482	5L	£7.40
L0238-0476	20L	£28.60
L0238-0500	209L	£273.79

Standard Oils

Shell Hydraulic HM Oils

Shell Hydrau Oils HM are general purpose oils based on refined petroleum mineral oils and incorporate additives to control wear and corrosion and minimise oxidation and foaming.

- Available viscosities: ISO VG 32 & 46
- Applications: low viscosity mineral lubricating oil with anti-corrosion & anti-oxidation properties

Code	Size	Price
HM 32		
L0238-0491	20L	£19.00
L0238-0507	209L	£171.38
HM 46		
L0238-0572	20L	£19.00
L0238-0286	209L	£171.38

Hydraulic - Fire Resistant Fluid

Shell Irus Fluid DR 46

(Was SFR Hydraulic Fluid D46)

High performance, fully synthetic, ISO category HFD-R, fire resistant hydraulic fluid of the phosphate ester type. It possesses excellent lubrication, corrosion and oxidation characteristics.

Code	Size	Price
L0238-0136	205L	£949.39
L0238-0513	209L	£905.21

Shell Irus Fluids BLT

High performance, water-in-oil (emulsion type, ISO category HFB) fire resistant hydraulic fluids containing sophisticated additives to enhance their mechanical performance and corrosion protection properties. The water content is approximately 42%, by volume.

Code	Size	Grade	Price
L0238-0378	209L	BLT 68	£317.68
L0238-0379	209L	BLT 100	£317.68

Shell Irus Fluid C

Shell WG Fluid C is an advanced water-glycol, ISO category HFC, fire resistant hydraulic fluid containing powerful additives to enhance its lubrication and anti-corrosion properties. The water content is approximately 40%, by weight.

Code	Size	Price
L0238-0560	20L	£41.20
L0238-0381	209L	£407.55

Shell Tellina HW Oils

Shell Tellina oils are high performance, oil-in-water (emulsion type ISO category HFA) fire resistant hydraulic fluids.

Code	Size	Price
L0238-0564	20L	£37.80
L0238-0011	209L	£365.75

Hydraulic - Bio Degradable

Shell Naturelle HF-M Fluids

Shell Naturelle HF-M is a biodegradable hydraulic fluid which degrades rapidly and extensively in both soil and water making it particularly suitable for equipment operating in or around rivers, lakes, forests and similar sensitive areas.

Code	Size	Price
L0238-0530	20L	£93.80
L0238-0440	200L	£682.00
